Zachary Valaski

Video Editor

Professional Profile

Creative and energetic video editor who is passionate about bringing stories to life through dynamic visuals. Known for delivering top-notch work under tight deadlines and assisting other editors with an organized workflow in order to create a seamless and collaborative experience. Skilled in the Adobe Creative Cloud, my talents also include photo editing, graphic design, and motion graphics to enhance any project. I'm excited to continue honing my craft and contributing to engaging and impactful content creation.

Experience

Ghost Post House

August 2021 - September 2023

Assistant Editor

Collaborated closely with the Editor to manage projects from inception to completion, handling tasks such as file organization, creating client review materials, designing graphics, reformatting videos for social platforms, and overseeing file transfers for Color and Sound mixes, while also independently producing various videos and maintaining client relationships.

Production Assistant

August 2021 - September 2023

Wana Brands, Kaiser Permanente, and NHL Studios

Managed equipment setup and teardown, chauffeured talent, facilitated last-minute production runs, and coordinated meal pickups for seamless production operations.

Every Single Someone (Independent Feature Film)

December 2018 - January 2019

Line Producer/Location Manager

Scouted and negotiated locations for low to zero costs across Denver, oversaw daily production with an average team of 5, ensuring schedule adherence, safe working conditions, and efficient transportation of gear/crew while maintaining open communication with directors and producers for debriefing, planning, and ideation.

Jefferson County School District

August 2015 - May 2016

Multimedia Intern

Produced and edited engaging digital content for school districts' social media and YouTube pages, including exclusive content for specific schools, and collaborated on a grant-qualifying informative video for Fletcher Miller School.
